NEWS RELEASE

31 July 2003

2003-10

SENATOR MINERALS INC

TSX SYMBOL: YSN

“Thomas Creek, Nevada – Sale”

Senator Minerals Inc (“the Company”) announces that it is selling the assignment of an option agreement that it had entered into to earn a 100% interest, net of a 2.5% to 3% NSR, in the Thomas Creek property (CVN claims) in Eureka County, Nevada.

The sale of the Thomas Creek agreement is a non-arms-length arrangement being made with Seguro Projects Inc (“Seguro”), a company controlled by a director and an officer of the Company. Terms of the sale call for Seguro to take over all rights and obligations associated with the Thomas Creek property in return for a cash payment of C\$29,663 (already made) which is equal to the full reimbursement of all amounts expended on the property by Senator to date plus a markup of 5%. This agreement also leaves the Company with a 90% interest in any profits generated by Seguro, which will use its best efforts to develop or deal with the property.

While the Thomas Creek property is considered to have significant grassroots exploration potential, the directors have elected to conserve the Company’s resources for another project which it is presently negotiating.

This News Release was prepared on behalf of the Board of Directors, which accepts full responsibility for its contents.
