## NEWS RELEASE

9 April 2003

# 2003-6

**SENATOR MINERALS INC**

**TSX SYMBOL: YSN**

### **“West Silver Cloud, Elko County, Nevada ~ Lease”**

Senator Minerals Inc (“the Company”) announces that it has negotiated an extendable 20-year lease option agreement related to the 38-claim West Silver Cloud property, Elko County, Nevada. The property is in the name of RMIC Gold, the owner of which is one of the directors of the Company, and therefore this non-arms length transaction will require regulatory approval. The Company will acquire a 100% interest, net of a 3% Net Smelter Return.

Terms of the West Silver Cloud agreement call for an initial lease payment of US\$25,000, reimbursement of direct acquisition expenses totaling approximately US\$8,000, and escalating yearly lease payments, starting with US\$25,000. The agreement carries no work commitments. A total of 2% of the NSR can be purchased for US\$2 million and US\$3-million for each percent, respectively, at any time. Carrying costs for the Company include responsibility for land-related costs, which include County/BLM payments approximating US\$4,125 per year.

To date, no substantive exploration has been done or gold-silver resources identified on the West Silver Cloud property, but it is immediately adjacent to Teck-Placer’s Silver Cloud property, where a previous exploration program by Teck reportedly encountered high-grade Midas-type gold-silver mineralization in Tertiary volcanics and the underlying Upper Plate sedimentary rocks at a depth of 300 meters. Placer Dome subsequently optioned Silver Cloud and is conducting drilling thereon.

The property is 1.3 miles west of the Silver Cloud Mine of Teck-Placer Dome, 13 miles southeast of Newmont’s Midas Mine, on the same structure/trend, and 6 miles southwest of Hecla’s Ivanhoe Mine project. The Company is interested in exploration of West Silver Cloud for high-grade Midas-type gold potential in this prospective district which already hosts one world-class gold mine, the Midas.

This News Release was prepared on behalf of the Board of Directors, which accepts full responsibility for its contents.

ON BEHALF OF THE BOARD
