## NEWS RELEASE

24 July 2003

# 2003-9

**SENATOR MINERALS INC**

**TSX SYMBOL: YSN**

### **“Corcoran Canyon, Nevada – Sale”**

Senator Minerals Inc (“the Company”) announces that it is selling the assignment of an option agreement that it had entered into to earn a 100% interest, net of a 2% NSR, in the Corcoran Canyon property in Nye County, Nevada. The property is 20 miles SE of Round Mtn, 20 miles NE of Midway, and three miles east of the Antone Canyon project, where the Company has acquired an option to earn a 100% interest in that property.

The sale of the Corcoran Canyon agreement is a non-arms-length arrangement being made with Seguro Projects Inc (“Seguro”), a company controlled by a director and an officer of the Company. Terms of the sale call for Seguro to take over all rights and obligations associated with the Corcoran Canyon property in return for a cash payment of C\$13,755 (already made) which is equal to the full reimbursement of all amounts expended on the property by Senator to date plus a markup of 5%. This agreement also leaves the Company with a 90% interest in any profits generated by Seguro, which will use its best efforts to develop or deal with the property.

While the Corcoran Canyon property is considered to have significant exploration potential for gold values at depth, the directors have elected to conserve the Company’s resources for another project which it is presently negotiating.

This News Release was prepared on behalf of the Board of Directors, which accepts full responsibility for its contents.

ON BEHALF OF THE BOARD
