

SENATOR MINERALS INC

NEWS RELEASE

25 November 2004

TSX-V SYMBOL: SNR

2004-14

“Change of directors”

Senator Minerals Inc (“the Company”) announces that Jeffrey P. Scouten, a partner in the law firm of Scouten Paez & Company, a litigation specialty firm with offices in Vancouver and on Bowen Island, has been appointed as a director, effective immediately. Mr Scouten has practised for 20 years, primarily in the areas of commercial and insurance litigation, mining litigation and administrative law.

Before becoming a lawyer, he worked for seven years as a prospector in British Columbia, the Yukon Territory, Manitoba, Ontario, Nova Scotia, and Labrador. In 1982 and 1983, he organized and headed up prospecting syndicates in Northwestern Ontario which lead to the staking of grassroots mineral properties later optioned to Sherritt Gordon and Homestake.

Since becoming a lawyer in 1984, Mr. Scouten has had extensive experience as trial and appellate counsel before all levels of Courts in British Columbia. He has also acted as counsel in disciplinary and other administrative proceedings before numerous bodies, including the Law Society of British Columbia, the BC College of Teachers, the College of Dental Surgeons, the College of Physicians and Surgeons, the BC Human Rights Commission and the BC Real Estate Commission. For the past several years, Mr. Scouten has also served as a Group Leader for the annual Trial Advocacy Workshop hosted by the BC Continuing Legal Education Society.

Mr. Scouten also acted as counsel for the successful party in the *Braintech Inc. v. Kostiuik* case, the 1999 decision of the BC Court of Appeal which, for many years, ranked as the leading Canadian case authority in the emerging law of the internet. Since 1999, Mr. Scouten has appeared as a speaker and guest lecturer on several occasions at conferences and seminars in the field of internet and information technology law.

From 1993 to 1994, Mr. Scouten served as a member of the Executive Committee of the BC Branch of the Canadian Bar Association. In 1996, he received the CBA National’s Centennial Medal in recognition of his outstanding contributions to the legal profession. From 1999 to the present, he has served as a Governor of the Law Foundation of British Columbia.

Mr Scouten replaces James G.G. Watt, who has resigned as a director, in order to concentrate on his role as president of Clan Resources Ltd, a TSX-V company focused on acquisition, exploration, and development of uranium properties. Management and directors of Senator wish to thank Mr. Watt for his contributions during the time of his directorship of the Company.

Senator Minerals Inc is a TSX-V-listed junior exploration company with a diverse portfolio of properties in North America. In addition to its 100% interests in highly prospective leased gold properties in the Northern Nevada Rifts area and its two recently acquired properties in the Cortez Hills area, Senator has options to earn 50% interests in the Key and Okey high grade copper properties in north-central British Columbia, a 100% interest in the Taurus copper-moly deposit in southeastern Alaska, and a 1% precious metals royalty on the Rosebud gold prospect in northwestern Arizona.

This News Release was prepared on behalf of the Board of Directors, which accepts full responsibility for its contents.

ON BEHALF OF THE BOARD

“Tony Simon”

TONY SIMON, BComm, CA
