

SENATOR MINERALS INC

NEWS RELEASE

27 September 2004

SNR: TSX-V

2004-9

“ Ivanhoe Creek update, Northern Nevada Rifts area ”

Senator Minerals Inc (“the Company” or “Senator”) announces that all geophysical fieldwork has been completed on the Ivanhoe Creek property, a Midas-type gold-silver target in Elko County, Nevada.

Current work is being funded by Kent Exploration Inc, which is earning a 50% interest in the project by financing all recommended Phase 1 work including a minimum drill program of \$450,000. Senator is operator of the project.

Senator Minerals Inc is a junior exploration company with a diverse portfolio of properties in North America. In addition to its highly prospective leased gold properties in the Northern Nevada Rifts area, Senator has options to earn 50% interests in the Key and Okey copper properties in north-central British Columbia, a 100% interest in the Taurus copper-moly project in southeastern Alaska, and a net smelter royalty on the Rosebud gold prospect in northwestern Arizona.

This News Release was prepared on behalf of the Board of Directors, which accepts full responsibility for its contents.
