### **“Financing for Ivanhoe Creek, Nevada Drill Program”**

Senator Minerals Inc (“Senator” or “the Company”) reports that it has been advised by Kent Exploration Inc (“KEX”) that, per the terms of the Ivanhoe Creek Option Agreement, KEX has deposited \$600,000 in a trust account for Senator. Senator will draw down the funds as operator of the 13-hole diamond drill program recommended for Ivanhoe Creek, a Midas-style target directly north of Hecla-Great Basin Gold’s Hollister deposit where Great Basin Gold reports that production from a resource of 1 million gold equivalent ounces is expected in 2008.

By financing this drill program and paying its share of carrying costs, KEX has earned a 50% interest in the Ivanhoe Creek property.

KEX is newly listed on the TSX-V. Senator owns 1,250,000 shares of KEX.
